Happy Holidays!

Chiropractic Care & Pregnancy:

- During the Holiday, packages come in many forms. One of the best packages to receive is the gift of life.
- Chiropractic care is safe during pregnancy. We use specific techniques that are safe and appropriate during each of the three trimesters.

- Changing posture and the increasing weight of the abdomen contributes to the spinal and pelvic misalignments. Imbalances may become painful with the added stress

Other **benefits** that chiropractic adjustments have are:

- * Decreased labor and delivery time
- * Better positioning of the baby
- * Less risk of C-section

Thank You for Trusting NWCC
